

SOCIAL MEDIA KIT FOR COUNCILS

Introduction

Local government plays a vital role in delivering Australia Day events and activities around the nation. Just as we're all part of the story, all councils are an important part of Australia Day.

This social media toolkit provides guidance on how your council can promote your Australia Day events and encourage your community to reflect, respect and celebrate on Australia Day 2023.

Should you have any questions or need anything further please contact your [state or territory Australia Day Council](#).
