Waratah-Wynyard Council	Belle Lohrey	Young Citizen of the Year Belle's contribution to the cheerleading community, particularly within our region, is exceptional and far beyond what is expected of someone her age. Just two weeks before her 18th birthday, Belle coached her youth novice cheer team to become Tasmanian State Champions, earning a bid to compete at The Finals in Orlando, Florida. Belle choreographed the routine herself and volunteered countless hours preparing the athletes for this opportunity. Under her leadership, the team went on to become International Champions, winning the Youth Novice division. Now just 19 years old, Belle is Head Coach at Burnie Tigers Cheerleading, overseeing six competitive teams. She is currently planning to take the club to Hawaii to compete at the Global Games, expanding opportunities for young athletes in our region.

Waratah-Wynyard Council	Business Northwest (Permission to Trespass)	Community Event of the Year Permission to Trespass (PTT) is a program of community-driven winter events across Wynyard and Table Cape that celebrates connection, creativity, and local culture. Developed by six local business owners, PTT was designed to bring people together during the off-season, encouraging residents and visitors to engage with the region in meaningful ways. At its core, PTT is about community participation and storytelling. Local farmers, artists, producers, retailers, and community groups open their doors to share spaces, skills, and stories through small-scale, personal experiences. The Moonlight Stories lighthouse projection serves as a free hero event, drawing the community together and providing a memorable focal point. Complementing this, the opening Gather and Glow Main Street Market activated local businesses with quirky offerings, boosted winter trade, and highlighted the region's creativity and character. Over three years, PTT has transformed winter into a season of community celebration,

		creating a sustainable, scalable model that unites people, supports local enterprise, activates spaces, and showcases the unique character of Wynyard and Table Cape.

RSL VIC Branch RSL Victoria	Marie Flewellen	Marie started with RSL Victoria on 26 May 2022 in the Volunteer Services team, after retiring from being a sales Manager in the medical field. Marie always felt very emotional on ANZAC Day because of her father who served, and the relatives in London who were bombed during WWII. This was why Marie was drawn to the RSL as her choice of organisations to volunteer with. Marie is also very mindful and aware that volunteering is good for one's mental health and overall wellbeing. Keeping the brain active and feeling a sense of purpose is also a high priority for Marie. Marie met with the team and immediately felt connected and welcomed. Marie was keen to start what she knew would be a long journey with the Volunteer Services team, initially in the Veteran and Family Services broader team, then later with the Operations team at ANZAC House. Marie is an asset to the team and is always happy to get involved in any project. Marie started with the setup of the

		RSL ID Card for Volunteers and Veteran and Family Service staff project. Marie continues to manage this process and helps with the Volunteer Management System set up and maintenance tasks. Marie is an outstanding support to the team in all areas of work, she has advanced skills in events management and is always enthusiastic to get involved in volunteer events that are held. Marie has progressed to conducting Sub-Branch Better Impact Information sessions and Administrator Level 1 Training facilitation please. Marie says she loves her Thursdays in ANZAC House, the staff are lovely, kind and very helpful and are tolerant of her continual questions. Marie feels volunteering has been a great transition from her career to retirement and she feels she is doing something to help Veterans and their families in her way.
RSL VIC Branch RSL Victoria	Kerry Oehm	Kerry has provided invaluable support to the advocates by assisting with the reading and interpretation of medical records, significantly reducing the time required to process complex cases. Her efforts have streamlined workflows and allowed advocates to focus more effectively on client outcomes. In addition to this, Kerry has willingly transitioned into a new and critical role: digitizing the extensive paper files held at the Veteran and Family Hub in Frankston. Her initiative in taking on this task independently, coupled with her diligence and attention to detail, has not only ensured the success of this project but also single-handedly prevented a potential confidentiality breach that could have exposed the RSL to serious risk. Her commitment and reliability have made a measurable difference, and her contributions deserve formal recognition.

Through the BVG, Peter has created a welcoming environment for connection and wellbeing. He has organised weekly coffee catchups, walking groups, information sessions, and a wide range of inclusive activities such as barefoot bowls, indoor rock climbing, mini golf, and veterans' retreats.
